

Benjamin Fulford [Special Report] - May 16th 2016: Chinese say gold only through White Dragon, Japanese resistance say Obama to be hit with “Kamikaze” in Hiroshima

The battle for the planet earth is raging on many fronts. The financial war remains the most important of these fronts. Here the Chinese military and the Dragon family behind them are now insisting gold will only be made available to the West if it goes through the White Dragon Foundation and is used to establish world peace, Chinese government sources say. We will talk more about this below but the other big development is that a hand written note was delivered to this writer that said “The Kamikaze will try to assassinate Bummer in Hiroshima.” The meaning is that a suicide bomber will try to kill US President Barack Obama when he visits Japan towards the end of this month.

Another intriguing, and possibly related, happening is that Japan’s national NHK broadcasting network put out a documentary stating that in 1944 a Japanese military airplane factory was hit with a pinpoint earthquake. Following this, US B29 bombers dropped leaflets saying “what shall we do to you next after the earthquake?” The seismograph of the 1944 earthquake is identical to the pattern seen in the earthquake swarm that was centered on Japanese military bases in Kyushu last month. Here is a link to the Japanese language NHK documentary about the earthquake attack.

feature=player_embedded&v=AKeH9lRIG4M&app=desktop

The most likely technology being used for such attacks would be based on Nikola Tesla’s Oscillator

https://en.wikipedia.org/wiki/Tesla's_oscillator

which was turned into a military secret by the US government in the 1930’s. The Japanese underground brought this documentary to our attention and say they will get their revenge for the latest earthquake attacks.

Russian sources, for their part, have forwarded detailed evidence of systematic killing of civilians by the Khazarian mafia in the Ukraine and elsewhere for the purpose of harvesting their organs for transplant. Some of the evidence is attached at the end of this week’s report. You can be sure the perpetrators of these crimes are being hunted.

The Khazarian mafia, desperate for a refuge from the ongoing purge, has temporarily succeeded in overthrowing the popularly elected Brazilian President Dilma Rousseff. The new government of criminals has already set about “privatizing” (looting) large sections of the economy. You can be sure the battle of Brazil is not over and the new kleptocratic government will not be stable or long lasting.

Khazarian Nazi faction senior honcho Henry Kissinger, who was not killed as Alexander Romanov of the illuminati wrongly informed us, was summoned to the Pentagon on May 9th, the date of Russia’s

victory over Germany in World War 2, Pentagon sources say. There Kissinger was told to inform his fellow Khazarian Mafiosi that they must let banks fail, stop stealing savings and pensions, cease using negative interest rates and that they must back the US dollar with gold. The May 9th date was chosen to symbolize US/Russian military cooperation in a message directed to the holders of the gold in Hong Kong, the Pentagon sources say.

The Chinese have reacted by, as mentioned above, offering at least 20,000 tons of gold at a 13% discount on the condition that, as mentioned before, 10% goes towards setting up a future planning agency while the other 3% is for commissions. The holders of the gold are the Chinese military who say they will not hand it over to either the Chinese communist government or to Chinese corporations. They say apart from the 20,000 tons, that has been refined into 99.99% pure 12.5 kilogram bars, there is a lot more gold still available but that it is in ingots of 60% gold and 40% copper and would need to be refined. The Chinese military report to the dragon family both CIA and Chinese government sources agree.

There are still people in the US military industrial complex who think the United States has no need to accept this offer and that now that they have taken over the Federal Reserve Board, they can print dollars to solve US problems. Republican Presidential Candidate Donald Trump is apparently one of them. On May 9th Trump said the following on CNN:

“People said I want to go and buy debt and default on debt – these people are crazy. This is the United States government. First of all, you never have to default because you print the money, I hate to tell you, okay? So there’s never a default.”

What Trump fails to understand is that while the United States can print all the money it wants to use domestically, foreigners are not going to accept unlimited dollars backed by nothing in exchange for their goods. The US has already defaulted as far as its foreign creditors are concerned. The recent failure on May 2nd of the US colony of Puerto Rico to make a 422 million dollar payment on its bonds was a de facto US government debt default. Unlike Japan’s government, which borrows from its own citizens, the US government relies of foreigners to keep it afloat. These foreigners, for good reason, no longer trust US paper. This is why it is necessary for the US to accept the very generous Chinese offer of gold to back their dollars. All they are asking for in exchange is world peace.

Since Trump is looking increasingly likely to become the next US president, he needs to get behind this offer if the US is to avoid catastrophic economic collapse. The US cannot print its way out of its international obligations.

In any case, the US military industrial complex is increasingly gravitating towards Trump. Last week “Bush consigliere Jim Baker broke ranks with Bushes and met with Trump,” Pentagon sources say. He has joined Dick Cheney in the pack of rats abandoning the sinking Khazarian Nazi ship.

It is probably too late for these rats to get full immunity for their past crimes. Last week former CIA Director George Tenet went public with information that both George Bush Jr. and Cheney ignored

repeated warnings before September 11th, 2001 that the US was going to be attacked.

[http://www.blacklistednews.com/Ex-CIA Chief%3A Bush and Cheney Knew 911 Was Imminent %2C Concealed Intelligence/51150/0/38/38/Y/M.html](http://www.blacklistednews.com/Ex-CIA_Chief%3A_Bush_and_Cheney_Knew_911_Was_Imminent_%2C_Concealed_Intelligence/51150/0/38/38/Y/M.html)

The role of Bush family flunkies, i.e. Saudi government officials, in that attack is now also being made public in newspapers all around the world.

The Saudis, fearing serious penalties for their role in 911 and for financing so-called Islamic terrorism, are rushing to China in hope of finding a new big brother to protect them. That is why the Saudis have offered to sell the Saudi state oil company to the Chinese. They would rather sell it to the Chinese than have it confiscated by the Americans. That is also why the Gulf petro-monarchies have said they will side with China against the US in any dispute over South China Sea islands.

<http://sputniknews.com/asia/20160513/1039583944/arab-states-china.html>

The Chinese, however, have also been victims of Saudi mischief and are not about to fight the US military to protect a clan of camel rustlers turned petro-trillionaires. This is especially true because they know the Saudis are not real Muslims but are instead Satan worshipping Khazarians. The Saudis are going to have to pay for their crimes against the people of the world, there is no other choice for them.

The Satan worshipping Khazarians in the US and Europe are also are in deep trouble now that their TTIP trade agreement with Europe is doomed. The TTIP was supposed to protect them from prosecutions and from having to pay cheated investors so, without it the Khazarian banks “are toast,” the Pentagon sources say.

The shadow banking world of hedge funds is also suffering huge losses because they are no longer getting inside information from the Federal Reserve Board. The dysfunctional state of the stock and foreign exchange markets has also caused investors with real money to avoid these markets. “Investors are stewards of other people’s money and they don’t want to allocate capital to a pyramid scheme,” is how Brean Capital’s Russ Certo described the newfound sense of morality (fear of retribution) in the financial markets.

<http://www.zerohedge.com/news/2016-05-15/global-negative-feedback-loop-why-investors-are-fleeing-capital-markets>

The pyramid scheme he is referring to is central banks using fiat money to prop up stock and bond markets. In other words more and more people in the financial markets are realizing they very well indeed may be imprisoned on racketeering charges if they continue with business as usual.

To conclude this week’s report, please find attached below raw intelligence from the Russians that illustrates just how evil the Khazarian mafia is and why we need to destroy this scourge once and for all.

Mikheil Saakashvili is the current Governor of Ukraine's Odessa Oblast (region), and he was the third President of Georgia for two consecutive terms from 25 January 2004 to 17 November 2013.

Major movement on multiple fronts including US regime change and serious political turmoil in China
Benjamin explains in his report about "...a joint US/Russian operation against the Satanic Khazarian mafia, Pentagon and other sources say. The realization that hundreds of thousands of children are being butchered by the Khazarians in the US, the Ukraine and elsewhere."

The testimony of the SBU agent that I offer to you to watch on the video and to read is one more evidence of the crimes committed against children by The World's largest Crime Syndicate, also, known in the USA as

- Khazarian Mafia (KM)
- Rothschild's Jewish Mafia
- The World's largest anti-Human Parasite

2. Benjamin Fulford provides in his report a link to the article, Spare Parts, which is an additional evidence that supports a testimony of a SBU agent about the genocide of Ukrainian people.

"Here is the reason why: BUSTED: 25,000 Ukrainian children were used for spare parts in the Israeli organ harvesting program.

From MX22

"An international Israeli conspiracy to kidnap children and harvest their organs is gathering momentum as another shocking story divulges Tel Aviv's plot to import Ukrainian children and harvest their organs.

The story brings to light the fact that Israel has brought some 25,000 Ukrainian children into the occupied entity over the past two years in order to harvest their organs. It cites a Ukrainian man's fruitless search for 15 children who had been adopted in Israel. The children had clearly been taken by Israeli medical centers, where they were used for 'spare parts'."

Dear Friends, please, forgive me for possible grammar mistakes. I am under attack of the Khazarian Mafia, whose mercenaries commit regularly cyber-attacks on my laptops, and I will explain to you later that only three weeks ago the seventh attempt to murder me was committed by Israeli criminals...

I still feel weak, but I survived. God saved me again... Some of my friends know that these Khazarian criminals, its mercenaries, and corrupted agents of the Fusion Centers of Northern California committed against me more than 128 criminal offenses since 2010. These criminal offenses were

registered in police and the FBI. This is what I faced from Khazarian Mafia because of my assistance and help to low-income tenants of California.

With my blessings to each of you,

The Recognition of the SBU Agent

0:22, The person in this video states that he is a SBU agent of Ukraine (SBU– Security Service of Ukraine). In December 2014, he was sent to Donbass (Novorossya), zona ATO (ЗонаATO) with a medical group. The medical group called, The Group of Emergency and Intensive Care.

He states that they were trained for two weeks in the city of Kramatosrk (Краматорск), after which they were connected to a group of medical doctors. They received new Western medical equipment and new weapons. He explains that Col. Michenko of SBU explained to them that many soldiers want to donate their organs after their death, and the relatives of these soldiers would receive money for the organs that would be taken from the dead soldiers. However, he witnessed later that the organs were taken from alive people, including civilians—children and women.

For each person from whom the organs were taken, this SBU agent received \$170.

The SBU agent states a few times during his testimony that not only internal organs such as kidneys, liver or spleens were taken from alive children, women and soldiers, but also people's eyes, skin, bones, etc.

2:24, The professional transplantologist, Elisabeth Debruk, a citizen of Holland, required other criminals, working with her, to take organs from alive people without their permissions. Very often, she took organs from civilians, including children. For 5 or 7 minutes, Elisabeth Debruk could take couple of kidneys or other kinds of organs from an easy wounded soldier who was not heavily wounded, or from civilians. Elisabeth Debruk packed these organs in special containers and gave to SBU agents these organs to send these organs to a wife of Mikheil Saakashvili, (Гражданин Грузии и Украины М. Сукашвили), Sandra Roelofs.

The SBU agent mentioned in his testimony City of Kramatorsk and City of Debachevo (Donbass). He said that many organs were taken from people from sector C (Сектор Ц) near these cities.

The SBU agent explains that only for one day in February 2015 from one place where he worked with Elisabeth Debruk, they took and sent 23 (twenty three) pairs of human kidneys, livers and spleens.

3:13, The agent said that corps of the people from whom organs were taken were put on tracks and brought to the City of Artemovsk where other people of this group already prepared mass graves for murdered people.

He said our Generals and we earned a lot of money, working in Debachevo and harvesting human organs.

4:17, The SBU agent said that he knows English well, and he witnessed how Elisabeth Debruk was talking with a wife of Mikheil Saakashvili— Sandra Roelofs who called her from Europe and who asked her to increase the number of removed organs and the quality of the organs. Sandra Roelofs was a real boss who guided this group and who ordered taking human organs from alive people of Ukraine and Donbass.

Sandra Roelofs told to this SBU agent that if he would face any problems with harvesting human organs, he need to contact Col. Vladimir Michenko, and if he would face serious problems, he should contact Vice Director of Ukrainian SBU General Alexander. (SBU— Security Service of Ukraine).

4:41, This agent testifies that everything was changed after Mikheil Saakashvili (Гражданин Грузии и Украины М. Сукашвили), visited this place in Ukraine (Donbass) where the criminal group of medical doctors and SBU agents committed crimes of murdering people and taking from them their organs. Col. Michenko required this SBU agent to accompany Saakashvili on April 22, 2015.

Elisabeth Debruk attended all of the meetings with Saakashvili in the City of Kramatorsk and City of Lisichansk (Donbass).

Mikheil Saakashvili praised the doctors and SBU agents for harvesting human organs, and he told them that their salaries will be increased. Saakashvili called human organs “products”, and he required increasing delivery of the “products”.

5:40, “After Mikheil Saakashvili left, everything went by the devil way”, said a SBU agent. He said that murderings of people have increased dramatically. The victims, from whom organs were taken, were buried in mass graves, and he witnessed that these murdered people were declared in SBU’s documents as missing people. The relatives of these soldiers did not receive any money, and they were told that their sons and husbands were missing.

5:50, When fighting was stopped (during truce), Sandra Roelofs, a wife of Mikheil Saakashvili, started calling almost each day, requiring to increase organs’ deliveries.

The SBU agent said that Elisabeth Debruk, Roman and Svetlana took organs from Ukrainian civilians, including children.

6:00, The SBU agent explains what happened near City Opasnoe (Опасное) in Ukraine (Donbass). He provided an example of the murders of civilians, including children. He explains that Elisabeth Debruk murdered a 12 years old girl who just lost her consciousness for a few minutes from the blast occurring near. Criminal Debruck (a citizen of Holland) took kidney and spleen from this 12 years old alive child. (Look at photos at 6:12). Debruk cut organs from a father of this girl, who was NOT wounded. The

agent remember a name of a father of this girl (his name was Vladimir Layshevsky). The SBU agent remembered this name because he took his passport and gave to other agents. The mother of the girl was wounded, and she was sent to a hospital for complete removal of all of her organs.

When this SBU agent checked medical documents, he saw that these three people, including a 12 years old girl, were declared dead from a blast.

As I mention above, this SBU agent said a few times during his testimony that not only kidneys, livers, and spleens were taken from alive Ukrainians and Russians, but also people's eyes, skin, bones, etc.

6:40, The SBU agent stated that he witnessed wild genocide of civilians that took place in Ukraine and Donbass. He was shocked even he participated in it. He would not be able to participate in this genocide anymore.

On June 4, 2015, he wrote a report of a resignation. He reported to his commander that wild genocide of the civilians and soldiers is taking place in Ukraine and Donbass. Col. Michenko asked him again why he signed his resignation. The SBU agent explained again that the wild genocide of civilians and soldiers is going on... He provided supporting evidence.

7:02, He was told that he should show the mass graves of the murdered civilians and soldiers from whom their organs were taken. Please, look at the photos of these graves and watch this part of the video.

This SBU agent was told to take a vacation and relax, after which he would be promoted.

7:08, The video shows how the mass graves of civilians and soldiers in the City of Artemovsk were opened. The professional doctors—eksgumators were sent to this place.

Only in one particular place, 132 (one hundred thirty two) corps of the murdered people were found. The people were murdered because their organs were taken from them. Four people in each gave. The SBU agent does not know where they brought the corps of the people after eksgumators took them from mass graves.

7:24, The SBU agent states that on June 11, 2015, he met General Alexander Radechky in Kiev. (Nina: Radechky is a Khazarian Jew).

General Radechky told him that this agent should take a vacation and relax, after which he would be promoted and become a major. However, when this agent left a general's office, he was immediately attacked and arrested, after which SBU agents brought him to the basement of the SBU's building.

Those who arrested this SBU agent showed him an order for his arrest for the falsification of the documents, and they requested him to sign an agreement to go to a mental hospital. They told that if he would not agree with a mental hospital, he would be in jail or would be murdered.

The SBU agent said, "Okay, I will go to a mental hospital." He asked just to allow him to go to his house for one night, and he gave those who arrested him \$300. It was all of the money he has with him.

7:52, He asked to bring him to his home for one night. The SBU agent promised to pay to those who arrested him \$1000 to each of them if they would bring him home for one night before he would go to a mental hospital... When they brought him home, he gave \$1000 to each of those who arrested him.

He testifies, "I am a professional intelligence officer, and this was not a problem for me to run away even somebody watched my house..."

8:18, The former Ukrainian SBU agent appeal to all of us... He shows videos and photos of mass graves and organs that were taken from alive people who were murdered. He showed video of criminals who have participated in genocide of civilians and soldiers in Ukraine and Donbass.

8:25, You can see on his videos the corps of people from whom their organs were taken. You can see the rooms where human bodies were dumped after the organs were taken from alive people and they were murdered.

8:33, The SBU agent said that he can show other mass graves of the people who were murdered because their organs were taken from them. He explains about mass graves near a village Chassovya (Часовъя), in which were buried more than 97 (ninety-seven) people, from whom their organs were taken.

He stated that more than 20 (twenty) of these murdered people were civilians, children and women.

8:50, The SBU agent explains about a mass grave near City of Uglegorsk (Углегорск) where more than 30 (thirty) people were buried. He states that these people were murdered because their organs were taken from them.

9:01, He contacted WikiLeaks describing genocide of people of Ukraine and Donbass.

The SBU agent states one more time that criminal Mikheil Saakashvili (Гражданин Грузии и Украины М. Сукашвили) and his Dutch wife, Sandra Roelofs, are those who are leading this genocidal business of murdering civilians, including children and women, and soldiers in order to take their organs, skin, eyes and bones and to sell.

9:00, The SBU agent said that he knows that he is guilty because he participated in this wild genocide. He says that he deserves severe punishment.

However, he would not give up, and he will do everything that he can in order to expose this Genocide and harvesting of organs from alive and healthy people of Ukraine and Donbass, including of harvesting of organs from children and women.

The SBU agent states that this Genocide did not stopped. The Genocide of people of Donbas (Novorossya) and Ukraine continues...

9:13, The SBU agent said his former coworker, Gennady Getman, was promoted, and he is now a leader of the medical group that murders alive people, including children by taking organs from alive people. He stated that Gennady Getman falsifies documents, declaring alive and healthy people as being dead, after which the criminal doctors take organs from these people, and the murdered people

were buried in mass graves.

He said that any of the Ukrainians or people from Donbass could become victims of these murderers.

9:35, This repentant SBU agent appeals to all of us, asking to help him to stop this Genocide of People of Ukraine and people of Donbass!

Ukrainian kids, new victims of Israeli ‘organ theft’

<https://mx22.wordpress.com/2009/12/03/25000-ukrainian-children-organs-harvested-in-israel/>

<https://mx22.files.wordpress.com/2009/12/pirhayati20091203173709140-11.jpg?w=300&h=202>

An international Israeli conspiracy to kidnap children and harvest their organs is gathering momentum as another shocking story divulges Tel Aviv’s plot to import Ukrainian children and harvest their organs.

The story brings to light the fact that Israel has brought some 25,000 Ukrainian children into the occupied entity over the past two years in order to harvest their organs. It cites a Ukrainian man’s fruitless search for 15 children who had been adopted in Israel. The children had clearly been taken by Israeli medical centers, where they were used for ‘spare parts’.

The account was unveiled five days ago by a Ukrainian philosophy professor and author, Vyacheslav Gudin, at a pseudo-academic conference in the Ukrainian capital, Kiev. Gudin told an estimated 300 attendees of the Kiev conference that it was essential that all Ukrainians be made aware of the genocide Israel was perpetrating.

The conference also featured two professors who presented a book blaming “the Zionists” for the Ukrainian famine of the 1930s, as well as the country’s current condition.

Meanwhile, Ukrainians demonstrated outside the Israeli Embassy in Kiev on Tuesday to protest a letter signed by 26 Knesset members (MKs) condemning what they described as anti-Semitic remarks by presidential candidate Sergey Ratushnyak. Protesters chanted ‘Ukraine isn’t the Gaza Strip,’ suggesting that they consider the effort by the Israeli MKs as an intervention in their country.

A story, published in the Arabic-language Algerian daily al-Khabar in September, reported that Interpol, the international police organization, has revealed the existence of ‘a Jewish gang’ that was ‘involved in the abduction of children from Algeria and trafficking of their organs.’

According to the story, bands of Moroccans and Algerians had been roaming the streets of Algerian cities in an attempt to hunt around for young children. They then trafficked the kids across the border into the neighboring Morocco.

The children were then sold to Israelis and American Jews in Oujda, the capital of eastern Morocco, for the purpose of organ harvest in Israel and the United States.

The story is based on statements made by Mustafa Khayatti, head of the Algerian National Committee for the Development of Health Research. Khayatti maintains that the abduction of children in Algeria is linked to arrests made in New York and New Jersey at the end of July, in which several Jewish men were among the 44 arrested in connection to an investigation into illegal organ trafficking and political corruption.

The story comes in line with the article published last month in Aftonbladet, Sweden's largest circulation daily, suggesting that the Israeli army kidnapped and killed young Palestinians to harvest their organs. It shed light on the case of Bilal Ahmed Ghanem, a 19-year-old Palestinian man, who was shot dead in 1992 by Israeli forces in the West Bank village of Imatin.

Bostrom, who witnessed the man's killing, said Ghanem's body was abducted following the shooting and was returned at midnight, during an imposed curfew, several days later by the Israeli military with a cut from the stomach to the neck that had been stitched up.

Bostrom argued that an autopsy would be required if the cause of death was not apparent, while in this case it was clear that Bilal was shot dead.

After that incident, at least 20 Palestinian families told Bostrom that they
